

SONOMA, JANUARY 26, 1895.

J. H. GRANICE - EDITOR

The coyote scalp bounty act has been repealed by the Legislature and the repeal has been approved by Governor Budd.

OWEN NELES, the pioneer blacksmith of Bodega, died the other day, aged 70 years. He had resided in that town ever since that part of Sonoma county was abandoned by the Russians.

EDITOR BRACKETT of the Sebastopol Times has been appointed Clerk of the Labor and Capital Committee of the Senate, of which Senator Holloway is Chairman. The appointment was well earned by Brother Brackett during the recent campaign.

GEO. C. PERKINS was chosen United States Senator on the third ballot last Tuesday. Senator Holloway and Assemblymen Staley and Price of this county voted for him and in doing so carried out the wishes of the Republicans of Sonoma county, most of whom favored Perkins against all comers.

The attorneys for the children of the late James G. Fair applied Tuesday for an order requiring the executors to produce all the wills of the dead millionaire. Judge Slack of San Francisco, after listening to argument of counsel, denied the application on account of want of jurisdiction. The matter will be taken to the Supreme Court.

The friends of Rev. Concord Haney of Chicago, who ran off with another man's wife a few weeks ago, gives an excuse for his actions that he gave up the tobacco habit and that so unsettled his nerves that he had no control of himself. That is a terrible warning to clergymen not to break off too suddenly from the tobacco habit.—Napa Journal.

Chairmanship of the Milage Committee of the Assembly. Assemblyman Price of the Sixteenth District has also secured a Chairmanship, that of the Homestead and Land Monopoly Committee. Both are young men with careers before them which they can make or mar as they see fit, and we trust that during the session of the present Legislature they will be able to make records that will justify their constituents upon their return to the more humble walks of life among the common herd in exclaiming "well done thou good and faithful servants."

APPROPOS to the appointment of Mose Gunst as Police Commissioner, the following is going the rounds of the press: "Soon after the nomination of Estee and Budd, Dan Burns went to Mose Gunst and ordered him to bet \$20,000 on the result of the general election in the State. Thereafter he made a compact with the political bosses, Christopher Buckley and Samuel Rainey, to count votes for Estee by which the city was to give a plurality for Estee by at least 3,000. After that he again went to Gunst and ordered him to wager \$40,000 upon the election. Gunst thereupon went to Buckley and Rainey and informed them of what Burns had done. The trio immediately put up \$60,000 to cover Burns' money.

"After the election Burns went on a spree, from which he has not yet recovered. He was threatening to resign as Police Commissioner for fear of prosecution for malfeasance, and was also complaining of the perfidy of his associates. The loss of such a large amount of money made him feel very sore. Buckley and Rainey, knowing the importance of controlling the Police Department, made a proposition to Burns to return him \$40,000 if he would resign and secure Gunst's appointment as Police Commissioner. Gunst, though a Republican, was always the friend of Buckley and Rainey. Burns got his \$40,000 and Gunst got his appointment through the deal made with Markham."

THE SUPERVISORS.

The Board met on Thursday, January 17th, and transacted the following business:

On motion of Supervisor Joost the County Clerk was instructed to advertise in the weekly issues of the Santa Rosa Republican and Sonoma Democrat at least two weeks prior to the regular meeting of the Board of Supervisors on February 4th next, for bids with plans and specifications for furnishing the office of the County Assessor with maps of Sonoma county suitable for the use of said office. Bids will be accepted up to 10 o'clock February 8th, the Board to reserve the right to select the plan and to reject any and all bids.

On motion of Supervisor Thompson the Board ordered that Preston R. Davis be appointed to attend the State Road Convention to be held at Sacramento on February 7th next, and report back to the Board any information obtainable in the interest of improvement of State roads.

On motion of Supervisor Thompson it was ordered that an annual poll tax for 1895 be levied on each person in the county not exempt therefrom as per the political code of California.

On motion of Supervisor Thompson the Board ordered that a list of all the ordinances of Sonoma county with an index be prepared and printed and that 200 copies of the same be obtained and a copy mailed to each of the county officers and each Justice and Constable of Sonoma county.

By resolution of the Board Ordinance No 21 was amended so as to change the bounty for each coyote killed within the boundaries of the county from \$10 per head or skin to \$5. Any person killing such coyote must report same and file a list with the County Clerk within fifteen days after the killing in order to obtain the \$5 bounty. This resolution goes into effect February 10th next.

On motion of Supervisor Gray the Board instructed the Chairman to make certain changes in the County Treasurer's office. Among others a glass door will be put in at the main entrance so that passers by can see what is going on inside. The windows will also be barred or screens put on.

FRIDAY, JANUARY 18th.

On motion of Supervisor Gray it was ordered that \$863.80 be transferred from the County General Fund to the Tax Redemption Fund. The Clerk was instructed to certify the Auditor and Treasurer of this action.

In the matter of the change of offices in the Court House Supervisor Joost moved that Supervisor Joost be instructed to make such repairs as may be necessary to fit the Horticultural Hall and Coroner's office for the County Assessor and so as to add to the District Attorney's office.

On motion of Supervisor Gray the price list for furnishing printing and stationery for the county offices was established. It appearing that the public roads and bridges in the county need immediate attention by reason of the high water freshets, Supervisor Joost moved that a committee be appointed to inspect the roads and bridges. The Board was appointed a committee to attend to the matter.

The Board then adjourned for January, having completed its labors.

JOHN BOYD THACHER A WITNESS.

He Fully Verifies a Disputed World's Fair Award.

John Boyd Thacher is laconic and decisive in his statements. During the lively campaign just closed in New York, this marked him especially as chairman of the Democratic State Committee. It was equally true of him as Chairman of the Executive Committee on Awards at the World's Fair. This is the positive and sententious way in which he verifies in an official letter, the honors won by Dr. Price's Baking Powder. "I herewith enclose you an official copy of your award, which in due time will be inscribed in the diploma and forwarded." Thus the question respecting the award, raised by an envious New York rival, is settled beyond cavil. This same rival by the way is widely advertising an award for itself. The official records prove this claim wholly false as they show the New York pretender was not so much as an exhibitor at the World's Fair.

Stewart Menzies presented his commission from Governor Budd to the Police Commission Monday night and stated his desire to sit with them in place of Moses A. Gunst. Menzies' commission was ignored.

A Good Suit of Clothes.

A Barnesville lawyer appeared before his friends in a new and costly suit of clothes recently. When he named the price, a bystander exclaimed: "What! I haven't had that much cash in a month of Sundays."

"Cash!" exclaimed the lawyer. "Why, I got it on credit, and I shan't lose any sleep if I never pay for it. I think turn about's fair play, and the other fellow can afford to do without it." And, lifting himself to his full height and buttoning his coat across his chest, he continued: "No, gentlemen, I never intend to wear a shabby suit. A man just can't afford to do it. Nobody has any respect for shabbiness. Why, I couldn't gain a case if I wore shabby clothes if I had the eloquence of a Demosthenes or Cicero, and if all the law and the prophets were on my side. A jury just wouldn't respect me enough to listen to me, and so I judge myself to give his decision according to my outward appearance. No, sir, a man can't afford to wear shabby clothes."—Atlanta Constitution.

Dog Is Not Bad Eating.

There is actually nothing in the flesh of the dog that is distasteful or repulsive. Lewis and Clark, the explorers, who learned to eat it through compulsion, actually became fond of it in time. It is not generally known that it is still a favorite article of diet among certain people, but a French paper says that the number of dogs slaughtered at the abattoirs in Munich has increased amazingly in the past few months. The taste for dog flesh is said to have been imported by Italian laborers, who have recently come in large numbers to the Bavarian capital. The meat is used not only as an adulterant for sausages, but is eaten openly, under its own name, prepared in various ways.—Christian Advocate.

Soothing.

Doctor—Your husband, madam, is suffering from nervous prostration. Madam—Yes, sir. Doctor—And he needs something to quiet him. What is his business? Madam—He is a waiter, sir. Doctor—Well, slip a few pence into his hand every two hours during the night, and I'll call again in the morning. Good day.—London Tit-Bits.

Chamberlain's Cough Remedy is famous for its cures of bad colds. It opens the secretions, relieves the lungs and aids nature in restoring the system to a healthy condition. If freely used as soon as the cold has been contracted, and before it has become settled in the system, it greatly lessens the severity of the attack and has often cured in a single day what would have been a severe cold. An Old Soldier's Recommendation.

In the late war I was a soldier in the First Maryland Volunteers, Company G. During my term of service I contracted chronic diarrhoea. Since then I have used a great amount of medicine, but when I found any that would give me relief it would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was brought to my notice. I used it and will say it is the only remedy that gave me permanent relief and no bad results follow. I take pleasure in recommending this preparation to all of my old comrades, who, while giving their services to their country, contracted this dreadful disease as I did, from eating unwholesome and uncooked food. Yours truly, A. E. BENDING, Halsey, Oregon. For sale by all dealers.

An exchange tells its readers how to mind their p's in the following paragraph: "Persons who patronize newspapers should pay promptly for the pecuniary prospects of the press have a peculiar power in pushing forward public prosperity. If the publisher is paid promptly and his pocket-book kept plump by prompt-paying patrons he puts his pen to his paper in peace, his paragraphs more pointed and he paints pictures of passing events more pleasing to the reader. Paste this piece of proverbial philosophy in some place where all persons can see it."

The Sonoma Valley Band contemplate giving a series of open air concerts in this place the coming Spring and Summer and efforts are already being made to raise funds by subscription and otherwise to erect a band stand in the Plaza in order that they may be enabled to carry out the idea. These concerts will not only enliven the town, but will likewise help business along, as they will undoubtedly attract many people to Sonoma. The Sonoma Valley Band is one of the finest interior bands in the State and is only excelled by the large military bands of the metropolis. Its leader, Mr. Hugh Maxwell, is one of the best known musicians on the coast.

Both shafts of the cart were broken and the harness was more or less damaged, to say nothing of a mud bath received by the horse.

The Cannery Proposition.

The proposition to erect and operate a cannery on the co-operative plan in this city in time to handle the fruit crop of Sonoma Valley the coming season is still being discussed by both orchardists and business men. A large number of our farmers have already expressed themselves as being favorable to the project and are willing to put money into the enterprise according to their means. All acknowledge that a fruit cannery in Sonoma will prove beneficial to everybody in this valley. This being so some action ought to be taken by our citizens to call a meeting to discuss the matter and devise ways and means of having a cannery in full blast in this town to handle this season's fruit crop.

For a number of years our fruit farms have practically been run in the interest of transportation companies, middlemen and fruit buyers. Last season most of the fruit raised in Sonoma Valley was contracted for by Porter Bros. of Sacramento and the W. C. Hill Packing Company of this county with the result that it was found when the returns came in that our fruit farms had been run solely in the interest of other people.

With this condition of affairs staring our fruit-raisers in the face we think it about time for them to call a halt and cast about for a more profitable way of disposing of the products of their orchards.

Some of our farmers last year sold their fruit to a San Francisco cannery and were more fortunate than those who sold to Porter Bros. and the Hill Company, but when the returns came in freight, cartage and middleman's commissions made considerable difference in the amount coming to the unfortunate orchardist.

We will cite an instance. A well-known fruit-grower, whose farm is located a few miles from Sonoma, contracted with a San Francisco commission firm to deliver twenty-one tons of peaches for canning at \$20 per ton and received the following return:

| | |
|-------------------------------------------------|----------|
| Twenty-one tons of peaches @ \$20 per ton..... | \$420.00 |
| Freight @ \$4 per ton..... | \$84.00 |
| Cartage from wharf @ \$1.50 per ton..... | 33.60 |
| Agents commissions 10 per cent on \$420.00..... | 42.00 |
| Balance due..... | \$230.40 |

This return for fruit shipped to a San Francisco cannery shows that \$160 in round numbers was taken out of \$420 worth of fruit for freight, cartage and commissions. Had there been a cannery in Sonoma this sum would have been saved to the shipper. The fruit-grower, who made the above shipment, however, considered himself very lucky indeed when he compared his returns with those of his neighbors, who had shipped to Chicago and other Eastern cities through Porter Bros. and the W. C. Hill Company. He at least had something to show for his toil and money invested, even though a great big hole was made in his returns for freight, cartage and commissions, while many of the others received nothing.

A cannery in this place last season would have enabled us to tell a very different tale. Our orchardists would not have come out of the small end of the horn by shipping East through commission houses, neither would they have been compelled to dispose of their crop to San Francisco canneries for \$20 per ton and have \$7.60 of that amount deducted for expenses in reaching a market.

School Fund Apportionment.

County School Superintendent Davis has apportioned the following funds for the various school districts: Alder Glen, \$95; Alpine, \$214; Bloomfield, \$204; Bodega, \$214; Burns, \$214; Cinnabar, \$424; Cloverdale, \$1,320; Coleman Valley, \$314; Court House, \$5,544; Davis, \$214; Dirego, \$214; Eagle, \$273; Fisk's Mill, \$214; Fort Ross, \$214; Fulton, \$273; Laguna, \$815; Laguna Joint, \$150; Lake, \$214; Lewis, \$364; Meeker, \$304; Miriam, \$792; Oak Grove, \$400; Ocean View, \$214; Pacific, \$214; Petaluma, \$4,388; Pine Flat, \$214; Potter, \$528; Redwood, \$528; Rincon, \$528; Sonoma, \$1,056; Steuben, \$214; Summit, \$214; Summit Joint, \$214; Table Mountain, \$214; Two Rock, \$214; Wilson, \$528; Windsor, \$528. All the other districts received \$264.

Citrus Fair.

Cloverdale is to have another citrus fair this winter. It will open February 7th and close on the evening of February 9th. The display made last year at the fair held in that city was a surprise to those who attended. The display at the coming fair will be equally as good if not better. As Sonoma Valley produces citrus fruits that will compare favorably with those grown in Southern California we trust that an effort will be made by our people to make a display at the coming fair. If this is done we will surprise many people in this county with the size and flavor of our oranges, lemons and other tropical fruits.

Narrow Escape of a Sonoma Boy.

Geo. Gilbert, aged 18 years, who was born and raised in this place, but who has been employed in the Pacific Tank Mill, San Francisco, the past year or two, met with an accident on Wednesday of last week that nearly cost him his life. While at work in the mill he was caught in a slaughter saw, but miraculously escaped being cut in two. It was late in the evening and the room where the accident took place was quite dark. The engineer had forgotten to shut off the steam and as young Gilbert reached for a lantern over the frame that supported the saw, which owing to the darkness could not be seen to be in motion, he was caught up by the rapidly revolving saw and dragged underneath its sharp edges. He had a heavy coat on at the time which with his other clothing became entangled in the belt and shifted it off the pulley, bringing the saw to a standstill. Had the belt continued to revolve young Gilbert would have been cut in two almost instantly. As it was he received two cuts in the right side five inches long and an inch in depth. Fortunately no bones were cut or veins severed. He was picked up and taken to his home and at latest accounts was doing well. This is not young Gilbert's first serious accident. In January, 1890, while out hunting near Sonoma he was accidentally shot in the right arm by his brother Robert. The arm was saved, but he was confined to his bed for many months on account of the serious nature of the wound, which left the elbow stiff, owing to the joints growing together. This latest accident will confine George to his home for two or three weeks.

Three calves, the property of George Miller and Mrs. B. K. Williams, were run over and killed near Warfield station by a Southern Pacific train last Tuesday morning.

The western approach to the iron bridge which crosses Sonoma creek at this place was considerably damaged by the recent storm and rendered impassable for several days.

Rev. W. M. Massie of Kenwood is confined to his home with a severe attack of bronchitis and was unable last Sunday to conduct the usual religious services in this place.

The Chinese wash-houses and stores at this place have laid in a new supply of China brandy, firecrackers and bombs and Chinese New Year will be celebrated in great shape in this town.

C. O. Borman, formerly a merchant of this place, left San Francisco on Monday for Alexandria, Egypt, where he has accepted a position in the Custom House under the English Government.

A jovial German, who chops wood for a livelihood in the mountains west of town, came near meeting with a serious accident last Saturday evening. He was on foot homeward bound heavily loaded with provisions and tanglefoot and while proceeding along a dangerous part of the mountain road he lost his equilibrium and tumbled headlong into Graham canyon, a distance of nearly fifty feet. Upon regaining his feet and collecting his scattered senses he found that his mired load was considerably unladen, aside from which no damage was done.

New Freight Rates on Wine.

The new Southern Pacific freight rate on wine, which goes into effect on February 4th, increases the rate between San Francisco and New York from 30 to 50 cents and between San Francisco and New Orleans from 70 to 75 cents per hundred pounds. In other words it will cost between 3 and 5 cents per gallon more to ship to those cities than formerly.

THE STORM.

Now Over—Tremendous Rainfall the Past Two Weeks.

The storm which has raged almost incessantly the past two months came to an end last Tuesday evening. The precipitation for the ten days ending the 22nd inst., was unprecedented, being according to Robt. Hall's rain gauge, 12.21 inches for that period, an average of nearly an inch and a half a day. The heaviest precipitation was on January 22nd, when 3.09 inches of rain fell. The next heaviest was January 4th, when the precipitation was 2.78 inches.

Since last Tuesday the weather has been warm and pleasant and it is to be hoped that, for a time at least, Jupiter Pluvius has let up on trying to make another Noah ark record.

The following table furnished us by Signal Service Observer Hall shows the rainfall for the month ending the 22nd inst:

| Date. | Inches. |
|---------------------------|---------|
| January 4th..... | 2.78 |
| " 5th..... | 1.88 |
| " 6th..... | 0.42 |

If You Wish to Help the Town

Don't fail to sound its praises wherever you are.

Don't make your money out of its citizens and spend it elsewhere.

Don't frown on every public improvement simply because it will cost you a dollar or two.

Don't sneer at any effort of your fellow citizens to build up the town, but lend a hand yourself.

Don't talk a great deal about what should be done and remain on the back seat waiting for some one else to do it.

Don't say the public schools are a failure because your boy has been upsetting the school's discipline and has been punished for it.

Don't let a good local paper that is the town's untiring champion abandon the champion business because of lack of deserved patronage.

Don't forget to drop your dollars in the slot when the committee that is after a new enterprise comes around with the subscription list.

Don't forget that in building up the town hearty co-operation, united endeavor and a spirit to get there are what win the day. There is no pull like a long pull, a strong pull and a pull altogether.—Ex.

"Our readers will find Simmons Liver Regulator advertised in these columns. We advertise it, and we use it, and we commend it as a safe and excellent medicine. We became acquainted with it in Georgia where it is a standard family medicine. We do not deny the merits of other preparations, but simply state that this one commands confidence." From the Journal, Lanesboro, Minn.
